CONSTRUCTION IN PERU

THE FOUNDATION COMPANY is an organization of Construction Engineers specializing in the building of difficult Superstructures and Substructures. The enviable reputation gained in its early history for trustworthy underground construction has followed it into the field of General Engineering Contracting. Included among the structures completed by The Foundation Company are the following:

Industrial Plants
Dams and Hydro-electric Developments
Power Plants
Office Buildings, Banks, Hotels, Apartments
Warehouses, Factories
Refineries
Housing Developments
Railroads and Terminals
Filtration and Sewage Plants
Foundations, Shoring and Underpinning
Bridge Piers and Bridges
Sea Walls, Wharves, Bulkheads and Piers
Mine Shafts
Tunnels and Intakes
Highways
